ANICO™ Signature Term Life Insurance

Every day your life revolves around providing for your family and protecting their way of life. You put in many quality work hours a week to ensure that everyone has a comfortable home to live in, your children have an education and a future, and your spouse has as little to worry about as financially possible. When you come home, you ensure that they are loved, nurtured and cared for. But what happens if you are unexpectedly removed from the picture?

Do you have a plan for what will happen to your family if something happens to you? Who will educate your children? Will your spouse be able pay the bills, keep the family home and have funds enough to retire someday? If you're gone, how will your family maintain the standard of living you've worked so hard to provide?

If you're a business owner, what will happen if you or a partner dies? Will you or your partners have to work out everything with the surviving spouse and/or children? Is this situation adequately covered by a buy-sell agreement that is properly funded? Will the surviving partners be able to buy out the vacant partnership?

A term life insurance policy from American National Insurance Company could be the answer. The need for financial protection for your family and/or business in these situations is a very real one; however, it might also be temporary. Children eventually complete education and become independent. The mortgage will ultimately be paid off. Your business or your partnership may be bought out or sold. You and your spouse are able to retire. The need for such protection goes away.

ANICO™ Signature Term Life Insurance is a practical choice for many different situations:

- If the need is critical, but only for a specific period of time
- If you want life insurance protection but don't need the cash value a permanent plan provides
- If you wish to minimize cost while maximizing protection
- If you need to preserve your insurability for converting to permanent insurance later

American National Insurance Company offers two products, level term and Annual Renewable Term, with a variety of options to fit most temporary life insurance needs.

ANICO™ Signature Term Annual Renewable Term Insurance (ART)

Conversion Period and Credit

The ANICO™ Signature Term offers a very important option allowing you to adjust your insurance protection to meet changing needs. If you find you need a more permanent type of financial protection or desire to build cash value, you may convert to any individual permanent life insurance policy currently offered by us for conversions, using the same underwriting basis and issued at an equivalent rate class. The conversion option will expire on the policy anniversary at the end of the initial term period, but not later than the insured's 65th

birthday. In no case will the conversion period be less than five years. American National Insurance Company will provide a term conversion credit of 100% of the annual premium for conversions that occur during the first five policy years (prorated in the first policy year). The conversion credit is only available on conversions to permanent products. Other than conversions, you cannot make any changes to your policy.

Conversion Credit

- **100% Of Annual Term Premium Payable in Year of Conversion**
- **Available Through 5th Anniversary**
 - **Prorated in First Policy Year**
 - **Not Available with ART Conversions to Term**

Children's Term Rider

This Rider insures each child approved when the policy is issued and any subsequent children born or adopted while the Rider is in force. The coverage expires on each child when they attain age 25, at which time the coverage may be converted to a permanent plan of insurance currently offered by the company for conversion without evidence of insurability. This Rider is available for an additional premium. Form Series CTR12M (Forms may vary by state).

Disability Waiver of Premium

You may add an optional Disability Waiver of Premium rider at the time you apply for your policy, though it may not be available in all states. Form Series LPW84 (Forms may vary by state). Check State Availability.

Accelerated Benefit Riders – Living Benefits

The Accelerated Benefit Riders are designed to provide access to an actuarially discounted portion of the death benefit for an insured diagnosed with a life changing illness and possibly facing times of financial burden. There are three Accelerated Benefit Riders:

- Terminal Illness – a life expectancy of less than 24 months, depending on state limitations.
- Chronic Illness – an insured being unable to perform two out of six activities of daily living.
- Critical Illness – an insured diagnosed with any of a list of 16 critical illnesses.

Three Great Living Benefits for No Additional Premium...

- *Terminal Illness*
- *Critical Illness*
- *Chronic Illness*

The Accelerated Benefit Riders are offered for no additional premium; however, the accelerated benefit will be less than the death benefit because it is reduced by an amount calculated based on ANICO's evaluation of the insured's health at the time the benefit is exercised as well as an administrative fee of up to \$500 assessed when the benefits are elected. The maximum accelerated benefit allowed is \$2,000,000 for ages 0-65 or \$1,000,000 for ages over 66 across all ANICO policies. Upon payment of the benefit, the policy or rider will be terminated.

The riders may not be available in all states or on all policies due to face amount limitations. For full details regarding the Accelerated Benefit Riders, please refer to Form Series ABR11-TM, ABR11-CH, ABR11-CT (Forms may vary by State).

The Living Benefits listed above do not apply to New York. New York residents please refer to Form ADB11(NY) for a complete explanation of benefits specific to your state. The Critical and Chronic Illness riders are not available in New York. Under the Terminal Illness rider you may be eligible to accelerate a portion of your death benefit which will result in a lien against your policy. The maximum Initial Accelerated Benefit you may request is the lesser of 50% of the Eligible Death Benefit or \$250,000. The policy does not terminate in the event of acceleration.

The American National Story

Chartered on March 17, 1905 by the company's founder, W. L. Moody Jr., American National began operations with \$100,000 of capital and \$20,000 surplus.
